

Disease Management Association of India

Organization with a Special Consultative Status with United Nations ECOSOC

October 25, 2018

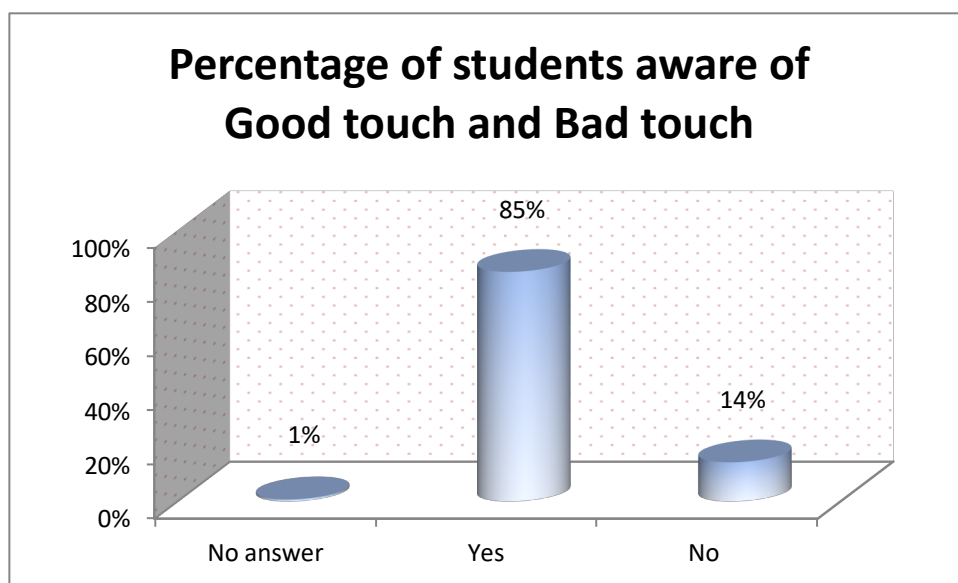

Mrs. Maneka Sanjay Gandhi
Union Minister for Women & Child Development
Government of India
Shashtri Bhawan, New Delhi 110001

Subject : Findings of the survey done amongst girls in schools of Delhi region

Dear Madam,

Greetings from the Disease Management Association of India (DMAI), an organization with a special consultative status with United Nations. In April, 2018, DMAI started a children awareness campaign and has imparted awareness to about 40,000 children across schools and slums. Herewith, we are sharing the findings of the awareness program that we conducted on sexual harassment and awareness amongst girls in schools of Delhi;

DATA ON SEXUAL HARASSMENT – GRAPHICAL PRESENTATION

Madam, you will see from the first-hand survey ,the prevalence of the issue in Delhi based schools. We would like to come and meet you to discuss about the survey and ground realities , and what could be done to address this issue .

We , as an organization have been finding it difficult to do more workshops , as the moment the school administration comes to know the result of the findings , they avoid doing more workshops , and this needs an institutionalized support .

Rest as we hear from your office

With best regards

Prof. Rajendra Pratap Gupta
President & Member of the board
